Diana-

It looks like the CEDRI interface portal is up and running for submission of annual OOOOa reports. Can you confirm?

Also, if it is, can you clarify something? If individual states have delegation, we still only need to submit via CEDRI and NOT to the individual state (except AR), correct?

Thanks!

Jamie N. Nease

Hi Meghan,
I've gotten several inquiries on this...here is what I am telling everyone.

Thanks for your inquiry. Initial reports should be submitted to the respective delegated states. No courtesy copies need to be sent to EPA Region 6 except for AR, which is not delegated NSPS for minor sources. **DO NOT SEND PAPER COPIES** of reports to EPA Region 6. Reports may be submitted to the well notification email address. After the CEDRI interface portal is open (maybe by end of 2017), reports will be submitted via CEDRI. Right now, each state **except AR** has reviewers that can receive the reports through CEDRI. AR will still require paper submissions until they can be convinced to use CEDRI. The other states will use CEDRI, as will EPA Region 6, so there will be no other reporting mechanism, except as directed by individual states. At this time I have no information on alternative submission requirements for the other states (STEERS, EDMS, etc). I hope this answers your question. PLEASE pass this information on. (We are still getting courtesy copies of paper and email well notifications. As the rule says, if you notify the state authority, you don't need to send a copy to EPA.)

Good morning, Diana!

I found the OOOOa annual report template online, but do not see where it is available on CDX/CEDRI. Do you know when it will be available to submit through the portal? Please advise!

Thanks!
Meghan

No...I'm afraid not. The rule was signed but not published in the Fed Reg yet, so it is subject to the transition rule hold. We do not know when things will go forward yet. EPA HQ plans to work on getting the portals ready and beta test them while we're waiting for the rule to be published, but we have no schedule yet for that. You can send the reports electronically to the state and to the EPA well completion email address. Please send these as pdf attachments. If you want a confirmation, request a Delivery and/or Read receipt when you send the email. We receive too many of these to respond directly to each sender for each report.

Diana

Hi, Diana! Just wanted to touch base. We have some clients who are about to start submitting OOOOa annual reports for their LA facilities, and I just wanted to confirm whether or not the CERDI portal has been set up for OOOOa reporting? If not, electronic copies should be sent to the r6wellcompletion@epa.gov, correct? LDEQ has not yet become delegated under OOOOa.

Good morning, Diana!

Can you tell me if the CERDI portal has been set up for OOOOa reporting yet?
